Hi Jims and Willie,

I wanted to follow up on the IFPRI meeting regarding a publicly-accessible web site for posting teaching-related materials. I suggest using pharmahub.org since it (a) can be accessed by everyone, (b) already has some teaching materials, and (c) is free, but requires a login account. Here's the link:

<https://pharmahub.org/resources/teachingmaterials>

Have a look and if you agree that it's a good location for sharing PT-related teaching materials, then please share it with the rest of the IFPRI group.

Cheers,
— Carl

P.S. Thanks again for hosting an interesting and energizing meeting!
