45th AGM Notes and Directions

This year our Annual General Meeting (AGM) will be held in Lafayette, IN USA at the Holiday Inn City Centre. Like our last AGM held in 2022 in Brussels, Belgium, this AGM will also be a hybrid meeting with a portion of the meeting being both in-person and virtual. All sessions from Sunday through Wednesday morning can be attended virtually using Zoom. During the pandemic we also learned that we can have a business meeting separate from the AGM and we will be doing so again in this meeting with our Business Meeting on May 31, 2023 being virtual. We also learned that having at least some portion of the meeting being virtual would allow more members to attend the meeting. Please note that this will our second hybrid meeting with many of the presentations and discussions available as a Zoom broadcast. We have made some adjustments to make the virtual portion of the meeting be better for those virtual attendees. On Monday and Tuesday the Academic Poster Presentations will be presented. For those in attendance you will be assigned a group for the poster sessions. For the virtual sessions there will be a Zoom room to allow you see the posters and ask questions of the academic presenters.

We will be in the Lafayette downtown area with a good variety of restaurants within walking distance.

As always, we will be having a number of happy hours during the meeting. On Saturday June 10 we will have a welcoming happy hour at the Holiday Inn Centre City. On Sunday June 11 we will combine our happy hour with the traditional IFPRI beer tasting competition. Be prepared to taste a number of good local beers and practice your poetry skills. After the meeting on Monday we will be walking to our sporting event where we have a corn hole competition and will hear a presentation by Jan Vermant on Beer Foam Stability. Extra credit will be given for the team that uses DEM and PBE in the most unique ways. Dinner will be provided during the sporting event.

On Wednesday we will hear from our invited speakers in the morning and we will have our student poster session in the afternoon followed by the banquet at the Purdue University Ross-Ade stadium.

We will close the meeting on Thursday with voting on project renewals, new projects to be funded and new proposals.

Getting to Lafayette and the AGM Hotel

By Plane: There are no commercial flights into Lafayette, IN. You will need to fly into Chicago, IL O'Hare Airport or Indianapolis, IN Airport and rent a car and drive to the hotel or reserve a seat on the shuttles from the airports to Lafayette. Driving time from Chicago is around 2 hours and is one hour from Indianapolis. In a quick look into flights from Europe I did not see any direct flights to Indianapolis. There were relatively cheap flights from Amsterdam via Philadelphia to Indianapolis.

By Car: If you are inclined to drive, there is free parking at the hotel.

Car Pooling: If you are interested in car pooling please let me know your interest and dates/times of arrival. I will be happy to connect interested parties.

By Shuttle from the airports: The following are some of the services that I found on-line from each airport. You will need to contact them directly.

Indianapolis Airport
